

MedStar Select

MedStar Select Provider Policy Revisions

Policy update with no negative impact to providers:

- Policy MP.057.MH Mammography, CAD will be archived for MedStar Select. (This update was previously listed as an update to have termed codes replaced effective 6/1/2021. However, it has since been determined that this Policy should be archived.)

Policy updates with potential negative impact to providers (effective 7/1/2021):

- An update to Policy MP.201.MH Digital Breast Tomosynthesis will be implemented effective July 1, 2021 for MedStar Select. With this update the Screening frequency for all women age 40 and over will be annually and covered as outlined in the Policy
